FALCON

For the many kind, helpful services rendered to the students of Northville Central School and for his friendly concern for them over the past 33 years, the Class of 1963 dedicates their Falcon to Lyndon Brownell.

With much appreciation for his sincere interest in the youth of Northville and for his many kindnesses to them, the Class of 1963 dedicates their Falcon to Clarence Davison.

To the Class of 1963:

Hubert Kaufman once said, "Education is a chest of tools." We have been able so far in your life to place in this chest only a handful of the tools you are going to need. However, we feel that we have been able to give you the basic tools and, in addition, to show you how to add to your collection if you so desire.

I would admonish you not to let the tools become rusty from lack of use, but to use them in seeking an intelligent and unselfish understanding of the problems of our great nation and the world in general.

I congratulate each of you upon your graduation from high school, and wish each of you a happy and successful career in whatever field of endeavor you may choose to follow.
